ACADEMIC PROGRAMS

S. Chandra Mahila Mahavidyalaya, Amgaon, operates two primary undergraduate academic programs: the Bachelor of Arts (B.A.) and the Bachelor of Science (B.Sc.) in Home Science. Both programs are fully restructured under the National Education Policy (NEP 2020) guidelines issued by Rashtrasant Tukadoji Maharaj Nagpur University (RTMNU), transforming them into flexible, credit-based 4-Year Undergraduate Degrees (Honours / Honours with Research).

The B.A. program provides a comprehensive multidisciplinary education across languages, social sciences, and practical arts. Under the NEP 2020 framework, students select their curriculum tracks from the following structured baskets:

- **Major / Minor Specializations:** Students deep-dive into core humanities and linguistic fields by selecting their primary specialization (Major) and supporting disciplines (Minor) directly from the university's approved baskets, which include **English, Marathi, Political Science, Home Economics, Sociology, History, Geography, or Marathi Literature (MLT)**
- **Ability Enhancement Courses (AEC):** Focuses on linguistic proficiency with mandatory foundational tracks in **Compulsory English** and **Compulsory Marathi** to build communication skills.
- **Vocational & Skill Enhancement (VSC / SEC):** Offers heavily practical, employment-focused courses. This includes practical laboratory work as

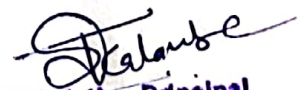

well as entrepreneurship, fabric arts, and household resource management in **Home Economics**.

The **B.Sc. Home Science** program is a specialized science track designed to blend scientific principles with real-world applications in domestic and industrial environments. Under NEP 2020, it bridges professional skill development with scientific research.

- **Core Disciplines (Major / Minor):** Focuses heavily on the scientific study of **Food & Nutrition, Human Development, Textiles & Clothing, Family Resource Management, and Extension Education**.
- **Practical & Laboratory Focus:** Students engage in structured hands-on work, including therapeutic diet planning, garment construction, textile testing, and community development field projects.
- **Skill Enrichment:** Features built-in **Vocational Skill Courses (VSC)** tailored for self-employment, catering management, interior styling, and preschool education coordination.

Both programs share the standardized structural updates introduced by NEP 2020:

- **Academic Bank of Credits (ABC):** Mandatory student registration where digital credits accumulated via internal tests, practicals, and university exams are securely stored for seamless mobility.
- **Multiple Entry & Exit Options:**
 - *Completion of Year 1:* Undergraduate Certificate
 - *Completion of Year 2:* Undergraduate Diploma
 - *Completion of Year 3:* Bachelor's Degree
 - *Completion of Year 4:* Bachelor's Degree (Honours / Research)
